hello there!

WE ARE
RED FINCH STUDIOS

FILMING YOUR MARRIAGE STORY, NOT JUST YOUR WEDDING

Thanks for looking into us a little more and giving us a chance to film your super special day! We here at Red Finch Studios are always on the lookout for couples who love to collaborate and aren't afraid to be themselves.

Whether you're a little shy on camera or love modelling for Instagram, we'll make sure to make you and your S.O. look like stars in your own little Marriage story.

Our couples mean a lot to us. We want to tell their story and while we're usually only there for the wedding day, we tailor our films to show the world who they are as a couple.

With our films, you'll see some traditional, romantic, features as well as some that are just more upbeat and fun. Every couple is unique! Whatever you're after, we'll try to make you a film that is true to you and tells your little love story.

“Michael and his team were absolutely amazing! They are so professional and did such an incredible job of capturing our entire day.”

“... You will not find a better team in the business and looking back on the memories that they were able to capture will bring us joy for the rest of our lives!”

- Jared & Christine

“To say that [Red Finch Studios] went above and beyond would be an understatement...”

“...I’d be absolutely thrilled to work with [Red Finch Studios] again, even if it means for Kyle and I to renew our vows”
- Kyle & Maria

Elopements + Small Ceremonies \$2200

Elopements are special. They offer you a chance to spend your special day with only the closest people around you. Sometimes, it can just be you and your significant other, sometimes it can be with just your best friends on a trip to Iceland (we filmed an elopement there last year for our clients from L.A. and it was our best experience yet!). So we love elopements and all that they stand for.

- Cinematic highlight video (4 - 9 min)
- 4 Hours of Coverage

A La Carte

- Love Story Film \$800
- Same Day Edit (2 min) \$900
- Raw Footage \$900

Livestreams

starting \$750

Having to cut down your wedding size is both stressful and heartbreaking, so we started offering livestreams so that you can still show the people you love, the beginning of your marriage story as it unfolds, live!

Our live stream packages start at \$650, and couldn't be any easier to access. We make sure that you don't need to sign in to view your live stream because we know a few uncles, aunts, and grandparents who would have a terrible time navigating this sort of thing. Just click the link and done.

This includes an exclusive website for your guests to leave comments on a guestbook that you can revisit and see all their wonderful messages after your wedding day. Guests can view the link on any mobile device, laptop, tablet, or PC.

Single Camera Package includes:

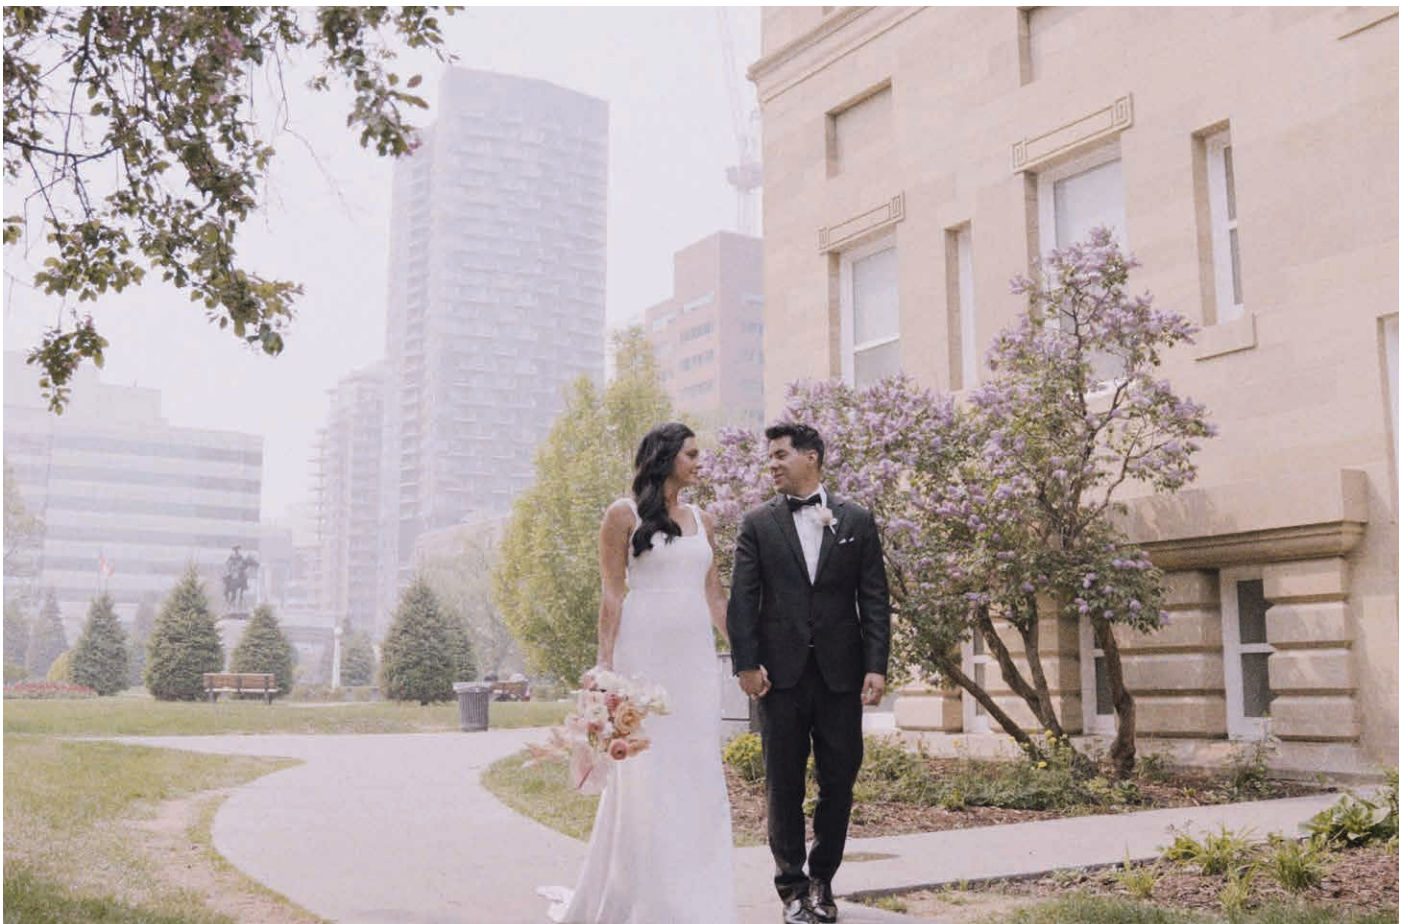

- 1 Videographer
- Exclusive Website/link setup

to hear from you!
